William
Age 16

William loves animals and would like to be a veterinarian one day. His plan is to adopt pets in the future. This intelligent and courteous young man enjoys rap and R&B music and watching movies. He describes himself as a friendly and creative kid. He is also very organized and likes to make to-do lists for himself, all attributes that make him successful in school. William likes science and math; he receives solid B's in his classes. After school, he likes to play video games, ride his bike or head to the mall. This social and energetic kid also loves going to the skating rink to hang out with friends and skate to the music. William is also on the track team at school.

William says he would like a family that is involved in many different activities. He wants to take vacations with his family and swim in the ocean one day. William is very friendly and personable. He loves to talk and discuss things. He is articulate and easy to be around. William needs a patient family that will stay active with him and treat him with respect and understanding.

You've felt that tug...

A friend, co-worker, family member, or someone you just met is talking—and you sense God nudging you to say something. But what do you say? What don't you say? How can you bring God into the conversation without shutting it down? Welcome to *God Space*.

Where the Holy Spirit can do amazing things through everyday conversations. Where honesty and transparency allow for discovery and deep connection. Where lives are challenged and changed.

Connect with these real-life stories of how ordinary people learned how to engage others in rich spiritual conversations that open doors instead of slamming them shut. You'll find fresh insights and practical tools for connecting with others about the things that matter most. We will have *God Space* books for sale, they only cost \$12.00. Contact Michelle Hemsath if you would like to purchase one at 541-5676 ext. 1123 or email mhemsath@chpc.org.

This seminar is designed to demonstrate that evangelism in our daily lives is nothing to fear. We'll consider the current cultural landscape in American society and how we can best be ambassadors for Jesus Christ in a positive way with friends, family, neighbors and coworkers.
