

CHPC Missions Resource List – Resource Sheet

The World Mission Team is preparing a resource list of members and friends of CHPC who have traveled overseas as either short term or long term global mission workers. We ask anyone who has been on such a trip to fill out the following form and to be available as a resource person for anyone considering such a trip. We hope that this process will provide potential new mission workers with valuable information about the realities of overseas travel as a global worker. **This information will never be published or posted publicly.**
