Everyday Worship: Romans 12:1-2 In Action

BY SHARLYN STARE, STARECVG@AOL.COM

Sunday All-Church Preparation:

The time before Lent begins on Weds, February 10 is an opportunity for all at CHPC to grow in *EVERYDAY WORSHIP*. The Sunday preaching themes, weekly home study guides and 10:10am Adult Spiritual Formation experiences in Fellowship Hall will all focus on it. Plan to come to the 9AM service and stay for the creative time at 10:10am, or come for 10:10am in Fellowship Hall and stay for the 11:15am service of worship.

Between Sundays: The 10:10am Spiritual Formation Hour is subtitled, "Let's Make Worship Viral!" The Dictionary defines 'viral' as *quickly and widely spread or popularized especially by person-to-person communication*. 'Worship' is not a one-day-a-week activity — it's an everyday passion.

I learned this early in my relationship with Christ. I memorized the first question in the *Westminster Confession of Faith*:
Q: What is the chief end/ purpose of mankind?
A: To Glorify God and Enjoy Him Forever!
I've always loved the 'Enjoy' part. The 'Glorify God' part is the focus of the All-Church Preparation.

The Key Scripture for our All Church preparation is Romans 12:1 and 2, written by the Apostle Paul. It's my life verse. Watch for it on the back of the weekly study guides and on the video screen during worship.

Romans 12:1-2 So here's what I want you to do, God helping you: Take your everyday, ordinary life—your sleeping, eating, going-to-work, and walking-around life — and place it before God as an offering. Embracing what God does for you is the best thing you can do for him. Don't become so well-adjusted to your culture that you fit into it without even thinking. Instead, fix your attention on God. You'll be changed from the inside out. Readily recognize what he wants from you, and quickly respond to it. Unlike the culture around you, always dragging you down to its level of immaturity, God brings the best out of you, develops well-formed maturity in you.

As I reflected on the *Everyday Worship Study Guide* for this week, I thought of two people I know who are living out worshipping [by reflecting God's Glory] in very practical ways. Both are 'retired,' but are far from *retiring*: Tom Osborn and Gary Booth.

Tom and Gary were professionally successful, honored by their employers, colleagues internationally, and universities.

Their research and the resulting products have contributed to the health and welfare of others throughout their careers. As a result of their relationship with Christ and *everyday worship* their *jobs* were a *Calling* of God not just employment. So investing in future generations in creative ways in *retirement* has become a natural transition.

Dr. Thomas Osborn — born in economically depressed rural Western Colorado, might have been another negative statistic like many of his high school classmates. Instead he is a partner with his undergraduate college Colorado Mesa University in a cutting-edge *Maverick Innovation Center* — "ground zero for an experiment in learning many believe will foster

a paradigm shift in the way entrepreneurship is taught." As a consultant, regular lecturer and the Innovation Center's lead mentor, Tom Osborn joins

and recruits local and national professionals to share with students the lessons, gifts and talents God has developed in them over the years. Osborn said, "Innovation is a very tricky business. You fail a lot in the process and it takes a lot of persistence to really succeed in this endeavor...You can't *teach* someone to be innovative or creative."

On the first floor of Colorado Mesa University's newly remodeled Pinon Hall is an open study space that looks more like the headquarters of a Silicon Valley startup than a conventional university dorm. Abundant wipe boards, computer terminals and flat screens in company with 3D printers and two robots and other development resources are vital to practice innovation.

Osborn believes that "multiple businesses will find their start here," and said that's his primary justification for making multiple trips to the Grand Valley every semester from his home in Cincinnati. Instead of educating students who leave the Western Colorado for jobs elsewhere, future *inventors* will envision new products, become company owners, and provide good jobs for others in the area.

Colorado Mesa University official explains how the Innovation Center's 3-D printer works and can help foster innovation.

Dr. Gary Booth was born in Campton in

Wolfe County KY (population 400) and attended Eastern Kentucky University and Ohio State University. Wolfe County is one of the poorest in the US. Gary has devoted his time to helping underprivileged kids get a college education. Gary and his wife Jane have identified and funded over 30 brilliant students (many from their hometown) who have limited financial resources for college. The Collier Scholarship was established for those who excelled in math and sciences.

Now, the STEM (Science, Technology, Engineering and Math) Program is empower-ing teachers and students alike. The program brings together education for middle and high school students with an annual 'science and equipping event' which Gary envisioned. The results are being watched by state educators, and KY funding for the STEM curriculum and teachers has increased significantly.

The STEM Project is providing 'hope' for the students and the school involved. But, Gary and Jane's vision is greater — that students would be enabled to change their lives, and most importantly the lives of those around them...to be glorious reflections of God.

How might God use your everyday life placed before Him as an offering to affect the lives of others today and eternally?

Let's Make Worship Viral!

BY ELDER PENNY SAUER, PHOTO BY GREG FISCHER

No it's not a giant pole vaulting team. It's a great visual where 2-foot tubes were held end to end by many people to form a continuous 'route to the cross.' Each person represented someone or group that *leads* in corporate worship and the importance of everyone in CHPC's services of worship.

For much of 2015, Session Elders studied worship together. Now a Team of Elders is leading the foundation hour series on worship. Jan. 3 was a "Viral Worship Party" in the Fellowship Hall. Refreshments, party decorations and activities provided a festive air. A round of *Name That Tune* helped students understand that worship is not about personal music preferences. Music is a vehicle for our praise to God. The party concluded with all participants being "deputized" as worshipers, a holy priesthood. Watch for people wearing a gold or silver star in worship.

Explore more about worship at CHPC for the next five Sundays in the Fellowship Hall at 10:10am. The six elements of worship will be covered: Expecting, Encountering, Experiencing, Struggling, Surrendering and Sending. These correspond with the sermon series and weekly devotionals. Let's learn together how God can form the whole church by worship — individual and corporate — and have fun in the process!

CHILDREN AND YOUTH

The January BLAST (K-6) Theme is Self-Control: "choosing to do what you should do not what you want to do," and our memory verse is Proverbs 25:28: "A person without self-control is like a city whose walls are broken through." Please pray this month that our children would learn to rely on the power of the Holy Spirit to help them choose words and actions that honor God. Resources for both parents and kids are available on the BLAST page of the CYF website: <http://chpccyf.weebly.com/blast.html>.

We are proud to announce the launch of the brand new CHPC Children, Youth and Family website: <http://chpccyf.weebly.com>! Check out this website to find regularly updated news for Children, Youth and Family Ministry, a calendar of events, parent resources, and summer information and forms.

MEGABLAST for 4th-6th graders meets this Tuesday, 6:30-8pm in the BLAST Zone (Great Hall). We'll have games, pizza, and small groups. MEGABLAST is a great chance for kids within our church community to build relationships with each other and with kids who are new to our church.

Crash for 7th-9th graders will start back up on Sunday, January 17th, 4-5:30pm, and will meet weekly throughout the spring. This semester we will focus on growing in our relationships with God by reading through a gospel and talking about how we can apply it to our lives. We will again ask students to commit to coming to CRASH on a regular basis, and students who come every week of this semester will receive a \$50 discount for the Summer 2016 Alabama Mission Trip or Resident Camp Work Crew.

Huddles for 10th-12th graders start again tonight, 6:30-8:30pm, and will continue to meet every other week throughout the spring. Students who are committed to a huddle this year are eligible for the Summer 2016 High School Internship, a full-time, paid summer job. Applications are available starting today - we'll hand them out at huddles tonight, and they are now posted on our website.

Children, Youth and Family Summer Intern Applications are now available! Anyone who has been out of high school for at least one year is eligible to apply for the Young Adult Summer Internship, and any 10th-12th grade student who has been in or led a huddle this past year is eligible to apply for the High School Summer Internship. Applications are available on the CYF website at <http://chpccyf.weebly.com/summer-2016.html>, or at chpc.org/forms.

ADULT SPIRITUAL FORMATION

Adult Spiritual Formation for the winter will be a series of round table discussions that will follow the sermon series on worship. There will be a discussion leader at each table which will include all the members of the Session worship committee. Just for a count of how many are interested, please sign up in the atrium, but everyone welcome. Don't miss this chance to express your passion for worship.
